SYNOPSIS:	<p>Güzide Yenersoy is a highly respected family court judge residing in Istanbul. She enjoys an apparently perfect life with a solid marriage of three decades and two children. Her husband, Tarık, is an accomplished lawyer with his own successful practice. Their son, Ozan, is a construction engineer at a well-regarded firm, and their daughter, Oylum, is pursuing her medical studies in the Netherlands, largely due to her mother’s persuasion.</p> <p>To the casual observer, the Yenersoy family leads a flawless life, rooted in trust and affection. However, beneath this surface of illusion, the reality is starkly different. Even though everything seems in order, Güzide is unaware of past secrets that are about to resurface.</p> <p>Unbeknownst to Güzide, every family member, whom she adores and devotes her life to, is hiding something from her. She is oblivious to the fact that Oylum has decided to follow her true passion and study modern dance in the USA. Oylum, now in anticipation of her departure to New York, has found an unexpected accomplice in their family friend, Tolga, whom she bumped into at the airport. Yet, Oylum isn’t the only one withholding the truth from Güzide. After missing out on a promotion, Ozan, on a friend’s advice, decides to invest in cryptocurrency, plunging himself into a deep crisis after losing a large sum of money entrusted to him by his father’s friend.</p> <p>However, the most devastating betrayal comes from her husband. Tarık has been leading a double life, having a secret second family for the past five years. He lives with a younger woman named Yeşim, who believes herself to be Tarık’s lawful wife. In reality, their “marriage” is not legal—Tarık remains married to Güzide while maintaining this illusion through lies and manipulation. He even has a daughter with Yeşim, further entangling himself in a web of deceit. When his deception comes to light, Güzide is forced to confront the unsettling truth that her life has been built on lies.</p>
