Originally, she, her husband Kemal, and their children planned a brief visit to Turkey to attend Kemal's sister's wedding before returning to Spain. However, Kemal vanishes unexpectedly on the night of the wedding, and in a disturbing twist, he's later discovered dead in a burned-out car along with a stranger, a woman Meryem does not recognize.</p> <p>Convinced that Kemal's death wasn't accidental, Meryem commits herself to finding his killer and decides to stay in Turkey until the case is solved. What she doesn't anticipate is that Istanbul will gradually become her new home. Despite being a stranger in a foreign land and feeling isolated amongst her late husband's family who initially resists her because of her foreign origin, Meryem carves a space for herself.</p> <p>Her life takes an unexpected turn when she encounters Aziz, a renowned designer who crafted the unique ring she wears - Leylifer. The Leylifer ring, recognized worldwide for its rarity and elegance, has earned Aziz many accolades. Meryem's possession of such a distinctive piece intrigues Aziz, and they're both drawn to this peculiar coincidence.
